Dry, dryer, dryest! If you should want it any dryer you must go to a dryer country. The cattle are lowing on the hills and the birds have ceased to sing.

We noticed in an extract from Oklahoma in a late issue of the TIMES where a man, a member of the Order of Odd Fellows, was seriously injured in a Sunday base ball game. He applied for financial aid and was denied from the lowest to the highest order of the grounds that it was caused by an immoral act. We would add that if the towns, cities and churches would hew that close to the line the great popularity of the Sunday game would soon be a thing of the past. So may it be.

Billy Brine speaks of the grasshoppers up in Lawrence being so hungry they are eating up the people's clothing. You can't get Joe up there until frost; he has no clothes to spare.

The demonstration at the Bethel picnic last week shows that the people endorse the A. H. T. A. as an organization that stands for law and order.

A very amusing incident occurred the other day on the south side, although it might have been serious. The report is that a book agent from below Cassville was out selling books and maps and in order to save time and distance in getting to Mr. Jones' house he made a cut across a pasture. On his way he suddenly came upon an old sow with a litter of pigs. The mother arose quickly and trampled upon one of her best pigs; the pig squealed; the old hog blamed the agent for it and struck out in his direction at break neck speed. The agent claims that in his haste across the pasture he passed two cotton tail rabbits that were doing their best to keep out of the way; jumped a four foot hog wire, baggage and all, including a map of the world. When he reached Mr. Jones' house the dogs set up a howl and he was so near out of breath he couldn't tell his business and had to pass on.

The Christian Endeavor of New Liberty meets every Sunday evening at 7:30 except the 4th Sunday. It is getting along alright with Lyon McKinney president and Miss Edna Campbell, secretary.

A four year old child of Elba Stribling has been afflicted for some time with a soreness in one of her limbs. It was feared that it was a white swelling. Dr. Russell was called out last Saturday and he claimed it might be a bruise, the result of a fall. She was improving Sunday.

M. Burkholder, formerly of the Prairie, and well known over the county as a political speaker, now of Coffeyville, Kan., came out and spent a week visiting his son Jay, and Mrs. E. R. Stribling, his daughter. He reports that corn is fine in the southern part of the state. He left for home last week by the way of Sedalia to visit another daughter.

Mrs. T. J. Carter has been on the sick list for some time, but is reported better.

Our mail carrier, Mr. Johnson is taking a lay-off. His father is dispensing the mail in his absence. Both are very obliging in their business.

Night on Bald Mountain

On a lonely night Alex. Benton of Fort Edward, N. Y., climbed Bald Mountain to the home of a neighbor, tortured by asthma, bent on curing him with Dr. King's New Discovery, that had cured himself of asthma. This wonderful medicine soon relieved and quickly cured his neighbor. Later it cured his son's way of a severe lung trouble. Millions believe its the greatest Throat and Lung cure on Earth. Coughs, Colds, Croup, Hemorrhages and Sore Lungs are surely cured by it. Best for Hay Fever, Grip and Whooping Cough. 50c and \$1. Trial bottle free. Guaranteed by A. H. Cox & Co.

BIG CIRCUS AT JOPLIN

Barnum and Bailey to Exhibit
There on Wednesday, September 15

The Barnum & Bailey greatest show on earth is to visit Joplin on Wednesday, September 15. Never since the beginning of time has an amusement enterprise so tremendous in size been organized as this one. Its magnitude is almost beyond belief. All America, together with every foreign country, has been scoured from end to end by agents of this big show in search of novelties and the result is a performance brim full of sensational acts new to the circus world. In the big Barnum & Bailey show are nearly 400 arenic stars, most of whom are seen now for the first time. A new sensation will be seen at every performance in "JUPITER, the balloon horse." This remarkable animal with its fearless rider ascends to the dome of the circus tent in a balloon and descends to the ground in a shower of fireworks. Nearly 1000 animal wonders are to be seen in the big 108 cage menagerie. 8 herds of elephants, including one herd that actually plays upon musical instruments in time and tune. A group of giant giraffes, monster trained hippopotamus, only living bi-horned rhinoceros and hundreds of other strange beasts. Barnum & Bailey's big, new, free street parade is the most gorgeous procession display ever attempted in the history of circus business. It is natural to expect this big circus to lead all others in quality and quantity of its street spectacle as well as in other departments of the big show, yet never in its splendid history of nearly half a century has it displayed such extravagance as is shown this year.

It's a pity when sick one drags the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the failing "inside nerves." Anyway test the Restorative 48 hours. It won't cure so soon as that, but you will surely know that help is coming. Sold by all dealers.

TIME TO ADVERTISE.

There's nothing on earth so mysteriously funny as an advertisement. The prime, first and last, and all-the-time object of an advertisement is to draw custom. It is not and never will be, designed for any other purpose. So the merchant waits until the busy season comes and his store is so full of customers that he can't get his hat off, and then he rushes to his printer and goes in for advertising. When the dull season gets along and there is no trade and he wants to sell his goods so bad he can't pay his rent, he stops advertising. That is, some do, but occasionally a level-headed merchant does more of it, and scoops in all the business, while his neighbors are struggling to make ends meet. There are times when you couldn't stop people from buying everything in the store if you planted a cannon behind the door, and that's the time when the advertisement is sent out on its holy mission. It makes light work for advertising, for a chalk sign on the sidewalk could do all that was needed, and a half-holiday six days in a week. Advertisements are built to do hard work, and should be sent out in dull days, when a customer has to be knocked down with hard facts, and kicked insensible with bankrupt reductions, and dragged in with irresistible slaughter of prices, before he will spend a cent. That's the end and aim of advertising and if ever you open a store, don't try to get them to come when they are already sticking out of the windows, but give them your advertisement right between the eyes in a dull season, and you will wax rich and own a fast horse and perhaps be able to smoke a cigar once or twice a year. Write this down where you'll fall all over it every day. The time to draw business is when you want business, and not when you have more business than you can tend to already.—La Rue (O.) News.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.
In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I uniformly cure all curable cases of this horrible, much dreaded disease. Those same-like granular wastes, found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend
